New Meeting Space/Mobile Classroom at Library

On June 27, the Weare Library held its first Computer 101 class in the new Sawyer Room. The transformation of this room into a much-improved meeting space, viewing room, and mobile classroom was a two-year effort that involved a good deal of cooperative effort. The Town of Weare supported the replacing of the carpet with new flooring, the library paid for new cabinets, Kevin Provencher Building and Remodeling did a fantastic job on the install, the Friends of the Weare Public Library purchased the 65 inch Smart TV, and Summit Computers provided the hardware at cost and volunteered uncountable hours revamping the tech. All this gives the town of Weare a grand new resource.
